Asheville NC 28806

In life, there are people who don't believe that dreams can come true. Then there are others who wait patiently and believe in God's promises which includes people being directed to your life to make your dreams come true. Personally, I did wait patiently and did believe in God's promises. I am a true believer in God's divine connections.

The nay sayers have been silenced. My church family's vision is a reality with over 3100 square feet of sanctuary space all done through the tremendous work of Deltec with 18 other builders and 500 volunteers.

From the handmade exterior and interior doors to the fantastic dome cathedral ceilings and wooden floors, it is a work of beauty and love. Deltec's work of art has drawn people here; both near and as far as Canada, New Zealand and Australia.

This work of art renders some people breathless as they walk through the sanctuary. I have enjoyed showing off our new spirit filled building with the exquisite chandelier in the sanctuary. Most who visit marvel at its beauty.

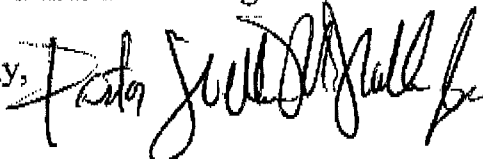

The kitchen and pantry area makes one of the most economical use of space noted. It is hard to put into words the uniqueness of this usage of need and space. The kitchen says welcome with all of its modern conveniences to work with; not to mention all of the storage space to house our food pantry with food for the needy. The recessed lights economically help too with the energy needed in our modern building

The modern bathroom fixtures are impressive and so convenient. Our jaw dropping eco-friendly building has set us apart from every other church in the city. We are very close to being the first all green church in New Orleans and the state of Louisiana.

The choir and musicians enjoy the expanded space to sing and praise the Lord as spacing before was condensed. Our church has sponsored Bible study sleepovers, rally points for kids and community meetings as a result of this wonderful facility. It has heightened our ability to reach out and help our community. We have been able to sponsor a community food bank and because of the capability of our kitchen even serve hot meals for those in need.

Therefore, we, at Noah's Ark Missionary Baptist Church, want to extend our endless thanks for making our dreams a reality.

Sincerely,
